EDUCATION

Western Washington University, Bellingham, WA —
Environmental Economics; BA
2008 - 2013

- _Dual degree:_ BA: Economics with emphasis in Environment/Resource Management. BA: Spanish. GPA:3.5.

ABOUT

I am a passionate about growing as a front-end developer. I enjoy consuming APIs and managing state with React and Redux. When I'm not learning how to create and call APIs or exploring digital cartography, you can find me enjoying a grassy spot at the park, planting in the garden, and working in youth mentorship.

PROJECTS
FUEL FINDER:

React & Redux API consumption, using Leaflet.js for mapping data. Node.js / Express API and MongoDB for CRUD using Pusher.js to create a realtime database.

SKILLS

HTML / CSS / SCSS

Node.js / Express

Javascript & ES6

React & Redux

Angular 4

Postman

Leaflet.js

Firebase / MongoDB/ MySQL

Git source control

Zeit / now / AWS
